Old Business: Committee Reports were given:

Website - Christy spoke on behalf of Maria Moore. She welcomed everyone to get use to using our website: <http://www.cida.cc/members.php>. Meeting notices, minutes, invoices for membership, membership applications and treasurer's report will all be there for all members to read or download.

Clean Up, Security - Sgt. Schriever spoke on how the crime is being controlled in our area and that word of mouth is spreading. The North East is copying what we are doing. A new report on crime in our area shows that 20 to 30% of the crime is occurring around the 651 Mulberry area. The River Market is being hit hard with theft.

Infrastructure - Darby Trotter - James St. bridge is starting work soon. The Woodswether bridge is being funded for its design work. Won't start till Forrester is completed however. All main bridges should be completed in about 4 years.

At our last meeting the men from the KCMO Water Department made a commitment to spend 30 M dollars here in the West Bottoms to complete storm sewer system. They need 9M dollars for a new pumping station however. Darby and others will be going to DC to get this money for sewers and other related area projects. The sewers and bridges should all be completed in four years.

Monty Summers thanked everyone for participating in the West Bottoms Security.

Christy Chester invited everyone to get on a committee and thanked Faultless Starch for hosting our party and thanked everyone for supporting it.

The meeting was adjourned.
